

Young Researchers forum Schedule

| | | | |
|---------------------------------|-------|---|--|
| 8:00 | 8:30 | Poster hanging + Presentation checking, the format should be office 2010, only window | |
| 8:30 | 9:00 | Registration | |
| 9:00 | 9:15 | Nermine El Moataz Bellah | Opening ceremony |
| 9:15 | 9:35 | Samia El Temtamy | |
| Session 1: 10:00 - 12:00 | | | |
| 9:35 | 9:55 | Mohamed Salama | The etiologic architecture of Parkinson's disease in Egypt: dissection of the genetic and environmental basis of neurodegeneration |
| 9:55 | 10:15 | Mohamed El-Hadidy | Metagenomics in medicine: Towards disease early diagnosis and personalized treatment |
| 10:15 | 10:25 | Hicham Charoute | The Mediterranean Founder Mutation Database (MFMD): 2017 |
| 10:25 | 10:35 | Ahmed Khairy | Two Novel Mutations in SERPINF1 Result in Osteogenesis Imperfecta Type VI |
| 10:35 | 10:45 | Khuthala Mnika | Clinical and Genetic Factors are Associated with Pain and Hospitalization Rates in Sickle Cell Anemia in Cameroon |
| 10:45 | 10:55 | Segun Fatumo | Novel Genome-Wide Susceptibility Loci for Cardiometabolic Traits in Africa |
| 10:55 | 11:05 | Aya El Wazir | 9p21 Locus Variant Doubles the Odds of Coronary Artery Disease |
| 11:05 | 11:15 | Oyesola Ojewunmi | Genetic Polymorphisms Associated with Stroke Risk in Nigerian Children |
| 11:15 | 11:25 | Sally Abdallah | Molecular karyotype of De novo Deletion 18q23 / duplication of 11p15.5p14.3 in Beckwith Wiedmann syndrome |
| 11:25 | 11:35 | Oluwayemisi Olagunju | Effect of Genetic Education on Sickle-Cell Disease Screening Uptake in Osun –State |
| 11:35 | 12:00 | Questions | |
| 12:00 | 12:30 | Coffee break | |

| | | | |
|-------------------------------|-------|---------------------|--|
| 12:30 | 13:30 | Poster session | |
| Session 2: 13:30-16:00 | | | |
| 13:30 | 13:40 | Cedrik Tekendo | Targeted Panel Sequencing of South Africans with Noonan Syndrome |
| 13:40 | 13:50 | Dalia Farouk | Screening for Nondisjunction Tendency as a Cause of Pregnancy Loss |
| 13:50 | 14:00 | Nabila Ali | Genetic Identification of The First Sudanese Families with Hereditary Ataxia |
| 14:00 | 14:10 | Lassana Cisse | A Family with Muscular Dystrophy Maps to a New Locus |
| 14:10 | 14:20 | Shymaa Ali | In house production of fluorescence in situ hybridization probes in confirmation of cytogenomic results |
| 14:20 | 14:30 | Yosr Hamdi | Unraveling The Etiology Of Breast Cancer In North Africa |
| 14:30 | 14:40 | Fatima Zahra Moufid | Detection of known and novel cancer predisposing gene variants in familial colorectal cancer using targeted next-generation sequencing of 94 genes |
| 14:40 | 14:50 | Manal Hussein | Immunoexpression of E-cadherin In Hepatocellular Carcinoma and Correlated metastatic MiRNAs |
| 14:50 | 15:00 | Nnaemeka Ndodo | MicroRNA-Mediated Sensitization of Lung Cancer cells to Chemotherapeutics |
| 15:00 | 15:10 | Doaa Salman | IL-17A and IL-17F polymorphisms in gastric cancer: An Updated Meta-Analysis |
| 15:10 | 15:30 | Questions | |
| 15:30 | 16:30 | Lunch break | |
| 16:30 | 16:45 | Ghada Ahmed Otaify | Wrapping up |
